

ERRATUM

In the article “Diffuse Continuum Gamma Rays from the Galaxy” by Andrew W. Strong, Igor V. Moskalenko, and Olaf Reimer (ApJ, 537, 763 [2000]), the wrong reference appeared in the note added in proof because of an error during the production process. The correct reference is D. Bergström et al., ApJ, 534, L177 (2000), not D. Bergström et al., ApJ, 533, 281 (2000).

The Press sincerely regrets this error.

There are two additional corrections to the article. In the legend to Figure 9, “HEAT experiment” should read “MASS91 experiment”; in the corresponding text in § 7.1 (third paragraph), in the sentence beginning “In Figure 9 ...” “the HEAT experiment” should read “the MASS91 experiment.”
